Mitch Grainger

Max & the Magics

Kid Royal Band

Campers Acoustic Jam each day

Epic bands jam each evening

Camping with the Blues was envisioned by Greg Herndon, a former member of the Sertoma Youth Ranch Board of Directors, to create a blues music festival at this amazing venue to help fund and keep operational this campground for our youth to enjoy.

Set in the rolling hills of Florida, Camping with the Blues is an annual blues music event which benefits the beautiful and rustic Florida Sand Music Ranch and will be held Friday thru Sunday, October 20-22, 2023 at the Florida Sand Music Ranch, 85 Myers Road, Brooksville, FL 34602. This is an incredible three day and three night camping festival located just off I-75 at Exit 293.

Camping with the Blues is produced by GPS Festival Productions, LLC; partners Paul Benjamin, Festival Promoter and co-founder of the highly successful North Atlantic Blues Festival; and Greg Herndon, former President and Owner of Mojoe Productions, Inc., an interstate all event production company which supplies sound, stage and lighting for countless events all over the eastern USA. Between these partners, there is over 90 years of combined experience in the entertainment industry and festival production and are paid consultants at various festivals throughout the year.

Be prepared to enjoy three days and nights of "Blues Music under the Stars with the Stars of the Blues". There is plenty of tent camping, water and electric hookups and sponsor hotels nearby.
